STAY INFORMED

Invest in your career and stay current on best practices, case studies, and tech advancements with our valuable education program. Whether you are looking for the latest in print innovations for packaging, décor and textiles, or functional applications, the InPrint USA sessions offer something for everyone. We continue to add sessions, so check inprintshow.com/usa for the most up-to-date information.

SCHEDULE AT A GLANCE

TUESDAY APRIL 25, 2017

SESSION	TIME	COST
Keynote – Dr. Robert Fry, Chief Economist	9:00 AM – 10:00 AM	FREE
IMI Inkjet Tech Talks	10:30 AM – 1:30 PM	FREE
Exhibitor Presentations	2:00 PM- 3:00 PM	FREE
Networking Reception on Exhibit Floor	3:00 PM – 5:00 PM	FREE

WEDNESDAY APRIL 26, 2017

SESSION	TIME	COST
TCM North America Decorative Surfaces Conference	9:30 AM – 12:30 PM	\$95
The Flexible and Printed Electronics Ecosystem <i>Presented by Printed Electronics NOW</i>	10:00 AM – 12:30 PM	FREE
Global Industrial Inkjet Conference	1:00 PM – 5:00 PM	\$249*
Exhibitor Presentations	1:00 PM – 3:00 PM	FREE
Networking Reception on Exhibit Floor	3:00 PM – 5:00 PM	FREE
Global Industrial Inkjet Networking Reception	5:00 PM – 7:00 PM	**

THURSDAY APRIL 27, 2017

SESSION	TIME	COST
Global Industrial Inkjet Conference	9:00 AM – 12:00 PM	\$249*
Exhibitor Presentations	10:00 AM – 1:00 PM	FREE

*One charge for both days

**Included in the Global Industrial Inkjet Conference Registration Fee

YOU'RE INVITED

to the inaugural InPrint USA

InPrint USA, the Industrial Print Exhibition, is the only trade exhibition showcasing print technologies used in advanced packaging and manufacturing processes. Stay up to date in this rapidly changing industry with access to the latest technology in digital, inkjet, specialty, screen, and 3D printing from leading exhibitors combined with high-level education seminars and technical training. InPrint USA is your one-stop to see the equipment, learn from the experts, and collaborate with manufacturers and peers.

KEYNOTE PRESENTATION

TUESDAY APRIL 25 9:00 AM – 10:00 AM

Outlook for Global Economy in 2017

Dr. Robert Fry will present his outlook for the global economy in 2017 and beyond, with emphasis on U.S. manufacturing. In addition to covering the usual array of economic statistics – GDP, industrial production, housing starts, vehicle sales, inflation, and interest rates – he'll address the vital role of oil prices, the likely impact of President Trump's policies on U.S. economic growth, and the potential for strong growth when the economy is at "full employment."

Dr. Fry was chief economist at DuPont before retiring in 2015 and has been named among the top economic forecasters by Bloomberg, USA Today, and the Wall Street Journal.

IMI INKJET TECH TALKS

**TUESDAY APRIL 25
10:30 AM – 1:30 PM**

Explore the latest developments in industrial printing and its applications, presented by leading OEMs. The Tech Talks are focused on innovations in inkjet technology and inks and address the challenges of growth in the industrial print sector.

SPEAKERS AND TOPICS:

- Printhead Selection: Waveform & Drop Optimization *Clive Ayling, Meteor Inkjet Ltd.*
- Inkjet Dispersions: Key to Successful Industrial Applications . . . *Dr. Joseph E. Ward, RJA Dispersions*
- Inkjet System Design and Development *Rob Rogers, Print3 Technologies*
- Industrial Inkjet Ink Delivery Systems: *Debbie Thorp, Global Inkjet Systems*
Troubleshooting & Solutions
- Functional Materials Deposition Parameters & Requirements . . *Dr. Alan L. Hudd, Alchemie Technology*
for Successful Industrial Applications
- Digital Packaging Technology Requirements & Challenges *George Gibson, Xerox*

TCM NORTH AMERICA DECORATIVE SURFACES CONFERENCE

WEDNESDAY APRIL 26
9:30 AM – 12:30 PM

Through its annual Decorative Surfaces Conference, TCM North America gathers suppliers to the North American laminates industry to focus on helping decorative surface producers develop better products for commercial and residential furniture and interiors. In this session experts from the laminate industry will discuss:

- Overview of the scope of decorative surfaces industry
- Existing, emerging and potential markets
- Current and potential material applications
- How decorative laminates are conceived, produced and distributed
- The role digital printing has played so far, and expectations for future implementation
- Challenges with current digital printing technology: printing repeatability, ink color consistency, metamerism issues, etc.

THE FLEXIBLE AND PRINTED ELECTRONICS ECOSYSTEM

WEDNESDAY APRIL 26
10:00 AM – 12:00 PM

Presented by

Flexible and printed electronics is a fast-moving market, with new applications quickly emerging as the technology develops. Creating a complete ecosystem is critical, as raw material and equipment suppliers, researchers and manufacturers, and product designers need to work together to determine what is possible. The Flexible and Printed Electronics Ecosystem will look at the opportunities in the marketplace and the challenges facing each of these constituent groups.

EXHIBITOR PRESENTATIONS

TUESDAY – THURSDAY

VARIOUS TIMES

InPrint USA exhibitors highlight their new technologies and product research in these presentations on the show floor. Don't miss hearing where industrial print innovation is headed.

We continue to add sessions, so check inprintshow.com/usa for the most up-to-date information.

GLOBAL INDUSTRIAL INKJET CONFERENCE

Sponsored by our Global Packaging Partner Tonejet

WEDNESDAY APRIL 26 1:00 PM – 5:00 PM

The objective of the Global Industrial Inkjet Conference is to profile excellence, news, and insights on the market opportunity for industrial inkjet and the challenges that may need to be overcome. This event will provide a bridge between opportunity and reality for any business - manufacturer, developer, or integrator. Global Industrial Inkjet Conference attendees will leave equipped with knowledge on the latest developments for industrial inkjet in functional, decorative, and package printing applications, along with a wealth of new contacts.

Welcome	<i>Frazer Chesterman and Marcus Timson, InPrint Founders</i>
Industrial Print Markets Quantified & Projected:	<i>Mark Hanley, IT Strategies</i>
US & Global Data, Decorative Markets, Functional Print & 3D, and Packaging & Direct To Shape	
The Questions You Should Be Asking About.....	<i>Wade Neff, ProSigns</i>
Implementing Inkjet (and How to Answer Them)	
Contract Digital Can Printing: A Case Study	<i>Simon Edwards, Tonejet</i>

THURSDAY APRIL 27 9:00 AM – 12:00 PM (followed by lunch on the show floor)

Integrating Inkjet Technology into the Industrial	<i>Julian Joffe, Engineered Printing Solutions</i>
Manufacturing Process	
Packaging: Color Inkjet & The Revolution Ahead	<i>Ron Gilboa, Keypoint Intelligence</i>
Industrial Inkjet Printing of Packaging	<i>Marc Graindourze, Agfa Graphics</i>
and Decoration Applications	
Exploring the Opportunities for Business Growth	<i>Frazer Chesterman, InPrint</i>
with Industrial Print Innovation	

Don't miss this opportunity!
